Current Exhibit
Mixed Group Show

Plums & Pears, Georgina Fairhurst, Digital Painting Giclee Print, A2, £220

Our mixed showcase of works from our artist collection has been refreshed for the new year, with new pieces featured in a display of both contemporary and traditional artworks. The exhibit features paintings, drawings, sculptures and prints from local artists along with restored antique artworks and frames from the Fairhurst framing workshop; a fun mixture of old and new pieces in a range of styles and mediums.

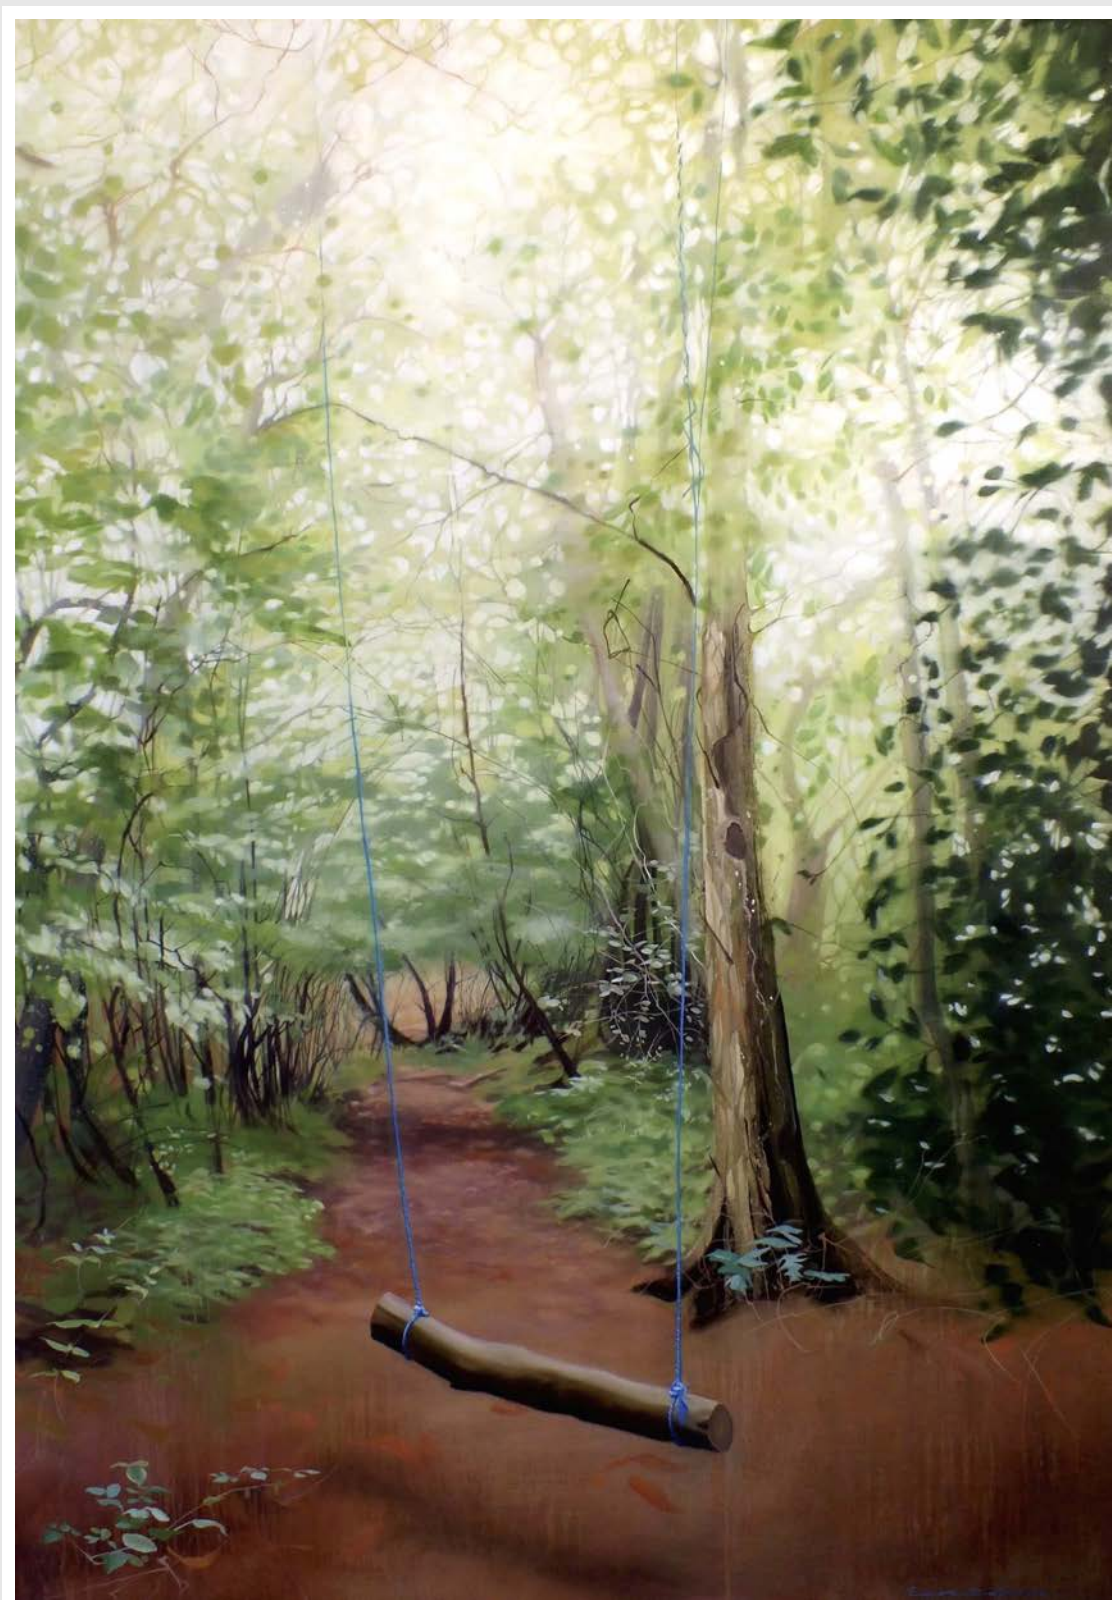

Ruth, Pencil Drawing c.1840s in Early 19th Century Floral Running Pattern Frame, £800

The pencil sketch on paper depicts the biblical figure Ruth. Although unauthenticated, it is believed that this may have been a preliminary sketch by Robert Scott Lauder for his Ruth oil painting, c.1842, given the style and unmistakable similarities.

2022 Exhibition Schedule

We will be featuring a collection of colourful solo exhibitions throughout 2022, displaying an array of works in the unique styles and approaches of our

exhibiting artists. The exhibits of the year ahead will be punctuated by integrated, mixed shows of works from our artist collection and gallery stock of restored antiques.
